## Tito-Kremlin Rift Widened By Nagy Case

Yugoslav Protests  
Of Abduction Kept  
From Soviet People

MOSCOW, Nov. 25 (AP)—The case of the missing Imre Nagy may have widened the rift between the Kremlin and Yugoslavia's President Tito beyond the possibility of immediate reconciliation.

The question of who is responsible for troubles in Hungary and elsewhere in the Communist sphere already had driven a wedge between Yugoslavia and the Soviet Union.

Tito seems to have taken even stronger affront to the alleged snatching of Nagy, the ex-premier after the current Hungarian government promised he would be permitted to leave his refuge at the Yugoslav Embassy in Budapest without molestation.

**Secret To Russian People**  
The fact Tito considers Nagy's disappearance a Kremlin-inspired kidnapping evidenced by his inclusion of the Soviet Union in the Yugoslav protests was still a secret today to the Soviet people.

There was no mention of Yugoslavia's strong reaction to his disappearance, presumably into Communist Romania, in Moscow's Sunday newspapers or on the Moscow radio.

The newspapers reported under a Budapest dateline Nagy's departure from the Yugoslav Embassy, described as at his own request, and said he is now "visiting in Romania."

**Other Tito-Soviet Friction**  
Diplomatic sources said the Nagy case may develop sufficiently to overshadow two other points of stress between Moscow and Belgrade:

1. The Soviet attack through Pravda, the Soviet Communist party newspaper, against Tito for his recent speech linking the Hungarian issue with Socialist-Communist relationships.

2. A report that Communist Albania, which has been feuding strongly with Yugoslavia, had executed a Yugoslav national on suspicion of spying.

## U.S. Disturbed By Soviet Arms Flow To Syria

WASHINGTON, Nov. 25 (AP)—Top officials here were reported today to be increasingly concerned about developments in Syria, where new Russian weapons shipments are adding to Middle East uncertainties.

Responsible authorities said they were disturbed at the way the Syrian government was permitting the stepped-up Soviet penetration.

French intelligence is understood to have told the State Department that two shipments of arms were being unloaded each week at Syria's Mediterranean port of Latakia.

These new Soviet weapons, according to the French reports, are far more than the Syrian armed forces can use themselves.

American authorities were reported to have no solid confirmation of the French data but, they agreed Russia has been shipping added quantities of arms to Syria during the past month, adding to an arms stockpile estimated to be worth about 50 million dollars.

## Yugoslavia Rejects 'Slanderous' Report

BELGRADE, Nov. 25 (AP)—Yugoslavia tonight rejected as slanderous a report that Yugoslav troops in Egypt failed to comply with the neutral role assigned to them as part of the U.N. Emergency Force.

Borba, official Communist party newspaper, said the report published by Western news agencies had been spread by French-British circles in Port Said, in an attempt to discredit the mission of the U.N. force.

## Longshoremen Return To Duty

### Father's Story Upset As Boy's Body Is Found

HUNTINGTON, W. Va., Nov. 25 (AP)—The body of 2-year-old Billy Beaver, missing since the day before Thanksgiving, was found today.

The discovery was made by an electric power company worker about 1½ miles from the boy's crude log cabin home nine hours after his father, James, had told police he smothered Billy, dismembered the body and buried it.

There were no marks of violence on the body, leading one officer at the scene to declare:

"This knocks Beaver's 'confession' into a cocked hat."

Identification of the body was made by Charles Burdette, a neighbor of the Beaver family.

It was clad in a striped "T" shirt and overalls, the clothes the baby boy was wearing when he disappeared Nov. 21.

**Autopsy Scheduled**

An autopsy was performed tonight, Dr. S. Werthammer, Huntington pathologist, said in a report on his examination that death was caused by "exposure."

Paul Harbour, the power company employee, came upon the body along a pipeline right-of-way. It was lying some 500 feet up a hillside from the Charley's Creek road, in eastern Cabell County.

The finding climaxed a welter of "confessions" in the perplexing case and the filing of three murder charges, against Billy's grandmother, Mrs. Virginia Beaver, 64, his father, James, 24-year-old handyman, and mother, Mrs. Elizabeth Beaver, 18.

The grandmother, two days after the disappearance, made a statement that she killed Billy because "he got on my nerves."

She retracted the statement, and in turn accused her son and daughter-in-law.

**Baby "Wouldn't Eat Beans"**  
Later she insisted she didn't know what had happened to the baby.

According to Sheriff H. D. Humphreys, James Beaver's signed confession said that his mother ordered that "something be done" about Billy because he "cried and wouldn't eat his beans."

After detailing in the "confession" that he had smothered the baby with a handkerchief, he told investigators that he and his wife, compelled by the elder Mrs. Beaver at gunpoint, cut up the body and buried it in the open fire-place, Sheriff Humphreys related.

## Gasoline-Laden Barge Explodes

LINDEN, N.J., Nov. 25 (AP)—A barge being loaded with gasoline caught fire and exploded early today, spraying flaming gas throughout the area and touching off a spectacular 14-hour blaze.

Police said two men were missing.

Spokesmen for the Cities Service Co., and the Russell Poling Barge Co. of New York City, identified the two missing persons as Louis Garrett of Bordentown, captain of the barge, and Albert Garrett of Colonia, N.J., first mate.

The blast, cause of which was not immediately determined, broke the 176X36-foot barge, the Russell 29, in half and tossed a lifeboat onto the adjacent dock.

## B52s Cover 17,000 Miles In Flight Over North Pole

BALTIMORE, Nov. 25 (AP)—Eight B52 jet planes completed record nonstop flights of up to 17,000 miles today, dramatically proving U.S. Air Force ability to deliver nuclear bombs to any point on the face of the globe.

The Strategic Air Command based some of the B52 capabilities at Friendship International Airport, where two of the eight touched down.

Like the other six, they had just finished a spectacular mission carrying them over the barren wastes of the North Pole.

## Federal Order Halts Walkout

NEW YORK, Nov. 25 (AP)—Longshoremen on East and Gulf Coast ports ended their nine-day strike today in compliance with a federal temporary restraining order.

The waterfront Commission relaxed hiring registration rules to help speed the men back to the piers. More than 4,000 dockers went on duty at Brooklyn and New York piers while several hundred men went back on the job at Jersey City and Hoboken, N. J.

A full-scale resumption of work was expected tomorrow, Sunday, being a comparatively quiet day on the waterfront.

A Sunday work call went out yesterday for some 3,000 longshoremen at Hampton Roads, Va.

The first of 10,000 dockmen started back to their jobs last night in New Orleans. More than 50 ships had been tied up in the Louisiana port.

**200 Ships Immobilized**  
The walkout of 60,000 members of the International Longshoremen's Assn. (ILA) immobilized some 200 ships in ports from Maine to Texas. The union, however, handled military shipping.

The strike started Nov. 15 in a contract dispute between the ILA and the New York Shipping Assn., representing 170 shipping and stevedoring firms.

After appearing today on a local television program where they discussed strike issues, William V. Bradley, president of the ILA, and Alexander P. Chopin, chairman of the shipping association, told newsmen both parties were "willing and ready" to resume contract negotiations.

**Strike "Unnecessary"**  
The men said they would respond when they receive a call from the Federal Mediation Service, whose staff already has endeavored to settle the dispute.

On the program both Bradley and Chopin agreed the strike had been "unnecessary."

However, Chopin cited the employers' financial loss, adding: "We were still in negotiations when Mr. Bradley decided to hit with bricks."

Bradley replied that the NYSA did not bargain "in good faith."

## \$274,000 Taken From Wall Safe At Bullitt Home

LOUISVILLE, Ky., Nov. 25 (AP)—Thieves "who knew what they were doing" made off with \$274,000 in cash from a wall safe at the Oxmoor estate of attorney and capitalist William Marshall Bullitt early today.

The money—most ever taken in a single robbery here—was stolen from a concealed wall safe in Bullitt's study on the outskirts of Louisville.

County police Capt. Bert Hart said the thieves worked combinations on two compartments of the safe after entering the study from the library through a concealed door.

"Whoever went in there knew what they were doing," Hart said. Officers said the loot was in \$10 to \$1,000 bills. They said a \$41,000 check also was believed stolen, but added a further investigation is necessary before it is known definitely.

Mrs. Bullitt said her 83-year-old husband, who is prominent in Republican party circles in Kentucky, brought most of the money home recently from his law office. No reason was given.

## Freezing Rain, Snow Pelt Sections Of U.S.

By The Associated Press  
A mixture of rain, freezing rain and snow pelted the north-central and northeastern portions of the nation Sunday, but skies generally were clear in other sections.

There was rain in Minnesota, a narrow band of freezing rain through central and southern Wisconsin, and snow over most of the Great Lakes region. Along the southern edge of this area the precipitation was a mixture of rain, snow and sleet.

New snowfall was spreading into the Upper Great Lakes which already are choked with snow from last week's blinding snowstorms.

Another weather disturbance off the Atlantic Coast brought a band of rain and snow into the Coastal Plain and the eastern slopes of the Appalachian Mountains.

## U.N. Troops To Be Landed At Port Said

British And French  
Will Permit Vessels  
To Bring In Forces

PORT SAID, Nov. 25 (AP)—British and French military leaders agreed today to allow U.N. police forces to speed their buildup in Egypt by entering Port Said by sea.

Harbor clearance also moved forward quickly. The British and French said a channel 160 feet wide had been cleared through the ships sunk by the Egyptians to block the Port Said area.

This will permit vessels of Liberty-ship size to come in through the harbor and right on to what is known as the interior basin.

All U.N. forces have been flown in so far and only a handful are in Port Said.

**Requested By Burns**

Lt. Gen. Sir Hugh Stockwell, commander of the British-French task force, said the agreement to throw open Port Said to U.N. sea-borne forces was made at the request of Maj. Gen. E.L.M. Burns.

Burns, the U.N. police force commander, made a flying visit to Port Said and then returned to Cairo.

The first U.N. troops to land here will be a Yugoslav force of 700 officers and men. They will land Thursday from three Yugoslav ships.

The three vessels had been reported lying outside Port Said last night but a headquarters spokesman said this was apparently incorrect. The report had led to another that the ships had been told no berths were available and were waiting out in the Mediterranean.

**Salvage Work Continues**

The clearing of a channel in the Port Said area at the mouth of the canal hardly makes a dent in the problem, however.

Allied officers in charge of removing about 20 sunken vessels in the canal mouth are unable to give an estimate of when the north end of the waterway will be open to larger ships.

British and French salvage crews have been working on sunken hulks since shortly after the cease-fire Nov. 7.

There is no indication the Egyptians have begun clearing the rest of the 103-mile waterway where they sank an undetermined number of ships. The British and French hold but 27 miles of the canal.

## Surgery Solves Case Of Pigeon With Pigeon Toes

HUDDERSFIELD, England, Nov. 25 (AP)—Chiroprapist Barbara Wheatley opened the door of her consulting room and called out, "Next patient, please."

A man walked in carrying a pigeon.

"Are you the patient?" asked Miss Wheatley.

"No," answered C. Sharpe Magee, "this pigeon's the patient."

"What's wrong with the pigeon?" "She's pigeon-toed," said the owner.

"My, my," said the chiroprapist taking the bird, a champion yellow chequer Modena hen, into her hands, "so she is."

Relating the story, Miss Wheatley said the pigeon's toes were growing inward instead of outward. Explaining why he took his pigeon to the chiroprapist, Magee said:

"The bird is unbeaten so far in major shows, but if it came into a tie for first place, its pigeon toes could lose it the contest."

The chiroprapist set matters right with a minor operation, she told reporters.

## Dag, U.S. Expert Confer On Clearing Suez Canal

## Freedom Bridge

These photos taken on the Austrian border show freedom-seeking Hungarian refugees making their way over a small makeshift bridge, spanning a canal at the Austrian-Hungarian border. The refugees were forced to use the small span after Communists blew up the structure which crossed the canal. Top, a father carries baby on his shoulder to freedom. Center, man leads way cautiously as his wife clings to him. Bottom, the last few feet to shore are negotiated on hands and knees by this man.

## President Plans To Begin Dixie Vacation Today

WASHINGTON, Nov. 25 (AP)—The White House said today President Eisenhower wants to begin vacationing tomorrow in Augusta, Georgia, but that a final decision on starting the trip won't be made until tomorrow morning.

Press secretary James C. Hagerty indicated Eisenhower likely will leave Washington in mid-morning aboard the presidential plane Columbine III if no hitches develop.

Hagerty said Eisenhower wants to go to the National Golf Club at Augusta "for his first rest since August," when he spent a few days vacationing in California after the Republican National Convention.

Eisenhower made his last visit to Augusta in April. Hagerty said he did not know how long he would stay there this trip.

Hagerty said in a statement that if Eisenhower goes to Augusta, he "of course will continue to follow closely developments in the Middle East and Europe as well as the discussions at the United Nations."

Eisenhower would keep in touch with officials here through a special communications network.

## Soviets Charge Iraq Plots Against Syria

LONDON, Nov. 25 (AP)—The Russians tonight accused Iraq of sponsoring an armed attempt to overthrow the Syrian government.

Moscow radio launched a new propaganda campaign stirring the troubled Middle East.

The Soviet broadcast said the Syrian high command had seized a large consignment of arms "when attempts were made to transfer it from Iraq to Syria in order to use against the Syrian government."

## Ike Names Cooper

NEW DELHI, India, Nov. 25 (AP)—President Eisenhower has appointed John Sherman Cooper, senator-elect from Kentucky, as his special representative to meet with Prime Minister Nehru and prepare for the Indian leader's visit to Washington next month, official sources said today.

## U.N. Leader Meets With Fawzi, Lloyd

UNITED NATIONS, N.Y., Nov. 25 (AP)—U.N. Secretary General Dag Hammarskjöld talked to three key men today on plans to get foreign troops out of Egypt, deploy an international police force there and reopen the Suez Canal.

He talked with Raymond A. Wheeler, 71, retired U.S. Army lieutenant general. A former Panama Canal engineer, Wheeler has been chosen to help in technical arrangements for clearing the canal.

Hammarskjöld later had separate talks with Egyptian Foreign Minister Mahmoud Fawzi and British Foreign Secretary Selwyn Lloyd.

A U.N. source said that with all three, Hammarskjöld was following up two resolutions the General Assembly passed yesterday.

One resolution called again for withdrawal of the British-French and Israeli troops from Egypt and asked Hammarskjöld to relay this demand urgently to those three countries.

The other approved his latest arrangements for a buildup of the U.N. Emergency Force in Egypt and authorized him to negotiate contracts for the canal clearance job.

One subject of the conferences was presumed to be surveying obstructions in the canal and finding out how much work would be needed to clear them away.

The 103-mile waterway, oil route from the Middle East to Europe, was blocked by the wreckage of ships and bridges during the British-French and Israeli attacks against Egypt.

Egypt says the British and French first obstructed the canal by bombing a ship. The British and French say the Egyptians deliberately sank ships in the canal.

Hammarskjöld is borrowing Wheeler from the International Bank for Reconstruction and Development in Washington, where the general is consulting engineer. Wheeler will assist Hammarskjöld in the technical organization of the work.

In asking the U.N. a week ago to help clear the canal, Egypt stipulated the work should start only after the withdrawal of British and French forces from Port Said and the canal area.

Some have been withdrawn, but others still are there. Meanwhile, Hammarskjöld has told the Assembly he considers it possible, "in agreement with the government of Egypt, to arrange for the necessary survey of the conditions in the canal without delay."

## Sergeant 'Chutes To Polar Plateau

MCMURDO SOUND, Antarctica Nov. 25 (AP)—An Air Force technical sergeant from St. Louis parachuted onto the polar plateau today, the first such feat in antarctic history. It was 17 degrees below zero.

Sgt. Richard J. Patton volunteered for the risky mission in an effort to speed the stalled program of U.S. Operation Deepfreeze. Patton, an air drop specialist, will be able to direct Globemasters overhead on how to parachute 450 tons of supplies needed for construction of a scientific station at the pole for use in the International Geophysical Year program.

Several drops have been unsuccessful because parachutes failed to open or became detached and the supplies buried themselves 15 feet deep in ice and snow. Patton is going in to try to find out what is wrong and radio back instructions for future drops.

He looked for a man yesterday who was a friend of the family before the family moved from near Hagerstown, Md., across the Potomac River to Kearnsville, W. Va.

Kidwell and two sons, Tommy, 1, and Charles, 2, died within the last week of arsenic poisoning. His wife and their seven surviving children are in Washington County Memorial Hospital at Hagerstown recovering from effects of the poisoning. The oldest daughter, Mollie Louise, 13, is still in serious condition.

Traces of the whitish, powdery substance were found yesterday when police pumped out a cistern next to the family's rundown two-story frame house at Kearnsville. The cistern collected rain water which the family used for drinking.

## Arsenic Placed In Well Fatal To Three Of Family

CHARLES TOWN, W. Va., Nov. 25 (AP)—West Virginia State Police said today laboratory tests definitely show that arsenic was placed in the William Kidwell family's well.

Three members of the family have died and eight others were taken to a hospital for treatment of poisoning.

State Trooper J. E. Durst said the analysis of powder found in the well water was made last night by the State Police laboratory in Charleston, W. Va.

He said he and other officers now are working on the assumption that the arsenic poisonings of the Kidwell family might not have been accidental.

As the next step in the investigation, Durst said investigators were preparing "to round up possible suspects" for questioning.

## Kadar Paper Opens Attack On Cardinal

German Communist  
Organ Says Nagy  
'Guest' In Romania

BUDAPEST, Hungary, Nov. 25 (AP)—Janos Kadar's government, a tool of the new Soviet dictatorship clamped on Hungary, opened an attack today on Josef Cardinal Mindszenty, Roman Catholic primate of Hungary.

The cardinal, released from Communist imprisonment in Hungary three weeks ago, moved into the U.S. legation here after the Russians launched their Nov. 4 attack to crush the anti-Moscow rebellion which nearly succeeded.

The Kadar government newspaper Nepszabadsag charged today the cardinal "is a typical representative of fascism." It declared the cardinal was rescued from imprisonment by Maj. Antal Palinkas, described as the son of Viscount Pallavicini, "well-known figure of the 1919 counterrevolution."

Nepszabadsag said Maj. Palinkas changed his name and "pretended to be a follower of people's democracy," but in reality "counterrevolutionary forces wanted to use Mindszenty as a political leader by pushing aside Imre Nagy."

**Nagy In Romania**

Nagy has now been removed from his sanctuary in the Yugoslav Embassy by treachery and sent either to prison or exile in Romania by the Russians.

The East German Communist party organ Neues Deutschland said Sunday former Hungarian Premier Imre Nagy and his party enjoy unrestricted freedom of movement in Romania.

"They can move freely about the whole country the same as any other citizen," the paper said. "The Romanian government will announce at an appropriate time where the Hungarian guests stay and how they are."

(The paper labeled a "lie spread by capitalist" newspapers and radio stations a story that Nagy was abducted by the Russians. It added that every possible precaution had been taken to protect Nagy and his party of 51 from "possible provocations.")

**Contradicting Stories**  
Whether the Nepszabadsag attack presages any further action against Cardinal Mindszenty was not apparent. Any effort to remove him from the U.S. legation certainly would involve a high-level diplomatic wrangle.

The newspaper's story about the release of the cardinal by Maj. Palinkas contradicted stories told by members of the army's 10th Battalion, which freed the Cardinal Oct. 30. These soldiers said liberation of the cardinal was planned and executed by rank-and-file members of the battalion.

Other Budapest newspapers said today Hungarians arrested by the Red army and handed over to Hungarian authorities are gradually being released.

## Rifleman Kills Two In Deadly Stalk Of Town

GILLETTE, Wyo., Nov. 25 (AP)—A grimly methodical rifleman shot and killed two persons and wounded two others today in this northeastern Wyoming cattle and oil town.

"Don't shoo me! I don't even know you!" cried one of the victims just before a bullet ended his life in a brightly lighted cafe.

Sheriff Ted Holderman of Campbell County said Emanuel F. (Rocky) Schneidmiller, 39, of Douglas, Wyo., a road construction worker, was held in the shooting.

His wife, Mrs. E. F. Schneidmiller, a waitress in the cafe and the mother of two small children, was one of the dead. No charges had been filed.

The rifleman, beginning his deadly stalk on this town's main street in predawn darkness, fired just five shots.

He wounded one man in the street, sent a fatal bullet into Mrs. Schneidmiller's chest through the cafe's glass door, then entered the cafe, wounded a second man and killed a third.

The dead man was identified as Max Addison, 25, of Gillette, a member of an oil seismograph crew. It was he who cried out just before being shot by the rifleman.

## U.S. Navy Leads World In Missile, Atom Fields

LONDON, Nov. 25 (AP)—An authoritative survey said today the United States Navy leads the navies of the world in guided missiles and the use of atomic energy for ship propulsion.

This estimate in the 1956-57 edition of Jane's "Fighting Ships" was coupled with the report that the Soviet Union — now second only to American naval strength — has a fleet of more than 400 submarines.

Jane's described these two powers as pulling away from the other navies of the world, including Britain's navy, in construction and experimental development.

While Russian fleet units are being built on traditional lines, it said the U. S. Navy is developing a revolutionary type of sea force.

Jane's frontpiece featured the USS Forrestal, the first of a new class of aircraft carriers, the largest warship ever built.

"But the Forrestal and her sister ships by no means complete the tale of the United States Navy's achievements in the field of naval architecture and marine engineering," Jane's said.

"For, without even experimenting with a surface test vehicle, work is proceeding with the construction of a large nuclear-powered, guided missile cruiser, and with the advanced design and procurement of an atomic-powered aircraft carrier which will

be much heavier than the Forrestal and will carry guided missiles.

"This project adds emphasis to the United States Navy's efforts in the field of atomic energy, and in guided missile endeavor which already outstrip the combined achievements of all other navies of the world."

It predicted that within 10 years many units of the American Navy will have atomic power and most ships "above and including the submarine category will have guided missile capabilities."

## Snow-Clogged Roads Opened Through Erie

ERIE, Pa., Nov. 25 (AP)—Big trucks, stranded along Lake Erie's southeastern shore since Thursday's two-foot snow fall, moved over newly opened highways today as weary work crews turned attention to still clogged secondary roads.

Mayor Arthur Gardner of Erie, one of the centers of the Thanksgiving Day storm, said traffic jams caused him to extend a state of emergency until midnight. He declared the emergency last Friday morning.

The two main arteries—Rts. 5 and 20—that run through Erie and connect Buffalo, N.Y., and Cleveland, Ohio, were opened but still coated with snow and ice.

Snow flurries and winds up to 25 miles an hour were forecast for the Erie district tonight. The temperature hovered in the high 20s.

## Death Toll Now 141

NEW DELHI, India, Nov. 25 (AP)—India today counted 141 dead in Friday's train wreck—making it this country's worst in a decade and the third worst in Indian history.

The death toll has been mounting daily as rescue teams retrieve bodies from the river bed into which the train plunged 170 miles south of Madras.

## 40,000 Pray For Peace

VATICAN CITY, Nov. 25 (AP)—Forty thousand Roman Catholics prayed for peace in the world and justice in Hungary in St. Peter's Basilica today.

## Demo Leaders Meet To Take Stock Of Future

WASHINGTON, Nov. 25 (AP)—Democratic party planners gathered today for a two-day meeting called to take stock of the future and to adopt methods for getting the party's finances out of a mire of red ink.

There will be no shortage of problems and questions for National Chairman Paul M. Butler and the Democratic National Committee's 11-member Executive Committee when they sit down tomorrow and Tuesday for the first time since the election.

The committee emerged from the election with an estimated million-dollar deficit that must be erased. How to do it will be a major topic of discussion.

Democrats must also make plans for the months ahead in the light of the licking they took in the Nov. 6 presidential election. On the credit side, Butler and his fellow Democrats could point to the shattering of a century-old precedent by the election of a Democratic-controlled Congress in the face of the Republican presidential victory.

Also, as the Executive Committee prepared to convene there were new rumblings over Butler's leadership. Such talk began after Adlai E. Stevenson's nomination as the party's candidate in Chicago last August.

Colorado National Committee man George Rock yesterday in Denver called for Butler's resignation. Rock proposed James Finnegan of Philadelphia, Stevenson's campaign manager, as Butler's successor.

Butler could not be reached for comment.

Rock, who called Butler "arbitrary" and "dictatorial," is an old foe of the national chairman and was the only member of the National Committee to vote against Butler's re-election following the Chicago convention.

Butler offered to resign after Stevenson's nomination. But in an emotion-filled session he was re-elected at Stevenson's request. Stevenson, however, vested the real campaign power in Finnegan by naming him campaign manager.

## Uncle Of Youthful Slayer Reports Extortion Attempt

BALTIMORE, Nov. 25 (AP)—An uncle of Joseph Thomas Tromber, convicted 15-year-old slayer of his girl friend's father, has testified a former employee tried to extort \$5,000 from him in connection with the case.

Andrew Trombero, testifying at a police court hearing for Myron M. Cook, said Cook told him he could obtain young Tromber's release from prison in 30 days if the money were paid.

Cook, 37-year-old Negro who formerly worked at Trombero's filling station, was arrested by detectives after the uncle reported a telephone conversation on the subject to police.

Trombero, who spells his name differently but is a brother of the young prisoner's father, said he received the call after Tromber was sentenced to 18 years in the Maryland Penitentiary.

The boy was convicted of second degree murder in the ambush shooting of Leonard H. Burgess, Burgess' daughter, 15-year-old Diane, faces trial on charges of being an accessory to the slaying.

Cook was ordered held in \$11,000 bail on the extortion charge.

## Nudists Seeking Mayor Who Will Face Bare Facts

LONDON, Nov. 25 (AP)—Britain's 50,000 nudists are looking for a lord mayor willing to face the bare facts of life and give a civic reception for a world nudist congress.

Representatives from the United Kingdom's 52 nudist clubs met here today to discuss plans for bringing the international get-together to Britain next year or in 1958.

But they want to find a mayor, preferably of a seaside town, who'll agree to receive the shed-your-shirt apostles in a full-blown city hall reception.

A spokesman for the nudists said the delegates would wear their clothes to the reception, but some mayors were being sticky about playing host just the same.

## U.S. Aid Going To Hungarians

VIENNA, Austria, Nov. 25 (AP)—American government aid is now going to the hungry and homeless in Russian-held Budapest, the International Red Cross said today.

Food flour, milk and fats are coming from government-owned surplus stocks, according to E. W. Meyer, who is coordinating aid to Hungary for the International Red Cross. Meyer is a Swiss.

He said money is also being made available from an unnamed American government agency for cots, bedding and other immediate needs. He would not say how much is being spent, but made it clear the 20 million dollars first offered by President Eisenhower has not been exhausted.

The offer was made when moderate Communist Imre Nagy was in power. After the Russians took over Budapest early this month, Premier Janos Kadar's regime announced that the aid would be accepted if it came through the International Red Cross. That is the way it is going.

When someone's counting on you...  
*you can count on life insurance*

Life insurance actually provides two forms of protection. First, it enables you to protect your family now. And at the same time, it builds added security for you when you retire. It's money you can count on.

This year, for example, retired men and women will receive millions of dollars from their life insurance companies—either from annuities or their life insurance policies. Annuities alone are now providing more than \$400 million a year in income to the American people.

You may be able to use your present life insurance policies to provide income for your retirement. The best person to explain how this may be done is your own life insurance agent.

You will also find helpful suggestions in the new booklet, *Your Life Insurance—and How to Use It*, which we have prepared as a service to America's policyholders. Your free copy will be mailed promptly; simply send your name and address on a postcard to Dept. D.

## Darlene Getson Is Bride Of Pfc. Paul Winters

LONACONING — Miss Darlene Getson, daughter of Mr. and Mrs. William E. Getson, Dudley, became the bride of Pfc. Paul Winters, son of Mrs. Isabell Winters, Lonaconing, on Friday, November 16, at 10 a. m. at St. Mary's church, Lonaconing.

The single ring ceremony was performed by the Rev. Charles W. Bogan. The bride, given in marriage by her brother, William Getson, was attired in a white lace wedding full-length gown and carried a white Bible with orchid overlay.

Her matron of honor, Mrs. Althea A. Munden, was attired in a pink gown with a white carnations bouquet. Best man was James Burkey, of Cumberland, a friend of the bridegroom.

George Winters, brother of the bridegroom, sang, "On This Day O Beautiful Mother," as soloist during the ceremony. Miss Sandra Dillon played nuptial music on the church organ.

The bride's mother was attired in a teal blue dress with pink accessories and a corsage of white carnations. The bridegroom's mother wore a black velvet with orchid costume and white carnations corsage. Robert Getson, brother of the bride, was photographer.

The couple left immediately for a short wedding trip through Virginia and the bride is at the home of her parents until she plans to join her husband when he is assigned to Florida.

## Santa Claus To Give Treat At Frostburg

Merchants Plan Public Program

FROSTBURG — Members of Troop No. 42, Boy Scouts, have sacked 250 pounds of candy preparing 1,000 sacks which will be distributed by Santa Claus Friday evening beginning at 7:30 at Bowery and Main Streets. The candy and Santa Claus are a part of the official opening of the Christmas season prepared by the Frostburg Business Association.

At this time also, Mayor Joseph James will light the Christmas decorations on Main Water and Broadway Streets.

The Arion Band will begin the evening's festivities with a concert near the intersection of Bowery and Main at 7 p. m. at 7:15. Santa will arrive in one of the jeeps of Gompny D. National Guard.

Following the lighting of the street lights by the Mayor, Santa will distribute his candy then the group will move west on Main Street stopping near Uhl Street where the band will again play and Santa will again distribute candy and talk to the children. The final stop will be in front of the Gunter Hotel where the same procedure will be repeated.

Assisting Santa and the band will be members of the promotion committee of the business association, members of Troop 42, Boy Scouts and members of the City Police.

Robert Hohing, president of the Business Association, said that most of the stores have made every effort to have Christmas windows in and decorations up. Following the parade, stores will remain open until 9 p. m., to give customers a chance to make selections from full stocks. Opening hours for the stores until Christmas will be observed as follows: 9 a. m. to 9 p. m. every Saturday. On December 14, Friday, stores will remain open until 9 p. m., and from then on to December 22. Closing at 6 p. m. Christmas Eve, store personnel will be given an opportunity to finish their preparations for Christmas.

Will you really enjoy your retirement... or barely scrape along?

You have probably given a lot of thought to how you would like to spend your time after retirement... maybe you have even figured how much income you would need to do the things you want.

Is the amount you can presently count on enough? Think how much peace of mind an extra \$100 a month would contribute!

The question is: "Where is this extra \$100 coming from?" Maybe you expect to save it. If so, it would take \$30,000, invested safely at 4%, to provide a gross income of \$100 monthly. Few people have the means to do this.

However, there is a simple, safe and sure way of providing for extra retirement income—a Metropolitan Retirement Program. This also provides Life insurance protection for your family in case something should happen to you before retirement. The cash and loan values in the policy can be used as nest eggs in the event of unforeseen contingencies.

Your Metropolitan Representative will show you how, step by step, you can provide for financial security during your retirement years. He will estimate the amount of retirement income Social Security will contribute, and help you review the possible income from your present policies in the light of your future retirement plans and needs. You might also ask him about a Family Income rider to give added protection to your family.

Any Metropolitan Representative will welcome this chance to show that... Metropolitan service is as local as Main Street... as close as your phone

Guests included Mrs. Helen Dillon, Mrs. Idella Chappell, James W. Spitznas, Miss Delores Chapman, Wilson S. Marshall and Miss Marie Merrbach.

## Goren On Bridge

## ANSWERS TO BRIDGE QUIZ

Q. 1—Partner opens with one no trump and you hold:  
 ♠ 9 ♥ K J 9 7 5 3 ♦ K 10 6 4 ♣ 9 4  
 What is your response?

A.—Facing a hand that contains at least 12 points, it is highly probable that your holding will produce four hearts and that is the bid recommended by this department. A bid of three hearts would be improper for that would denote more in the way of high cards.

Q. 2—Both sides vulnerable, you have 60 part score and you hold:

♥ A K 4 2 ♦ K Q J 10 7 ♣ A Q 6  
 Your right opponent opens with one heart.

What do you bid?

A.—My preference is for a simple overall of two diamonds. This may seem very strange with a hand containing 22 points. But a take-out double is not recommended because of the danger that partner who may hold a long spade suit will not subside in time if he is asked to come into the auction. The chances of missing a slam by making the simple overall are distinctly remote for partner would have to produce considerable trick-taking power to bring us up to 12 tricks against the vulnerable opening.

Q. 3—As South you hold:  
 ♠ A K 10 5 ♥ K Q 6 ♦ K 3 ♣ K 7 4  
 The bidding has proceeded:

South West North East  
 1 club Pass 1 diamond Pass

What do you bid now?

A.—While it is my pretence to avoid suppressing major suits during the early stages of the auction, convenience dictates a departure from this policy. This is a powerful hand and a mere rebid of one spade would not do justice to the holding. The point is that the naming of a new suit by opener is not forcing. Our voice goes to a rebid of two no trump. This too is not forcing if partner has made a weak one over one take-out, but it is more likely to elicit a further bid from partner and at the same time gives a full description of the type and strength of your hand (19 or 20 points).

Q. 4—As South you hold:  
 ♠ A K Q 7 4 ♥ 10 6 3 ♦ 7 ♣ K 7 3  
 The bidding has proceeded:

East South West North  
 1 diamond 1 spade Pass 2 no trump Pass

What do you bid now?

A.—Three no trump, since your hand will almost surely produce seven tricks at no trump. The honors are sacrificed in the interest of seeking the shorter and probably the surer road to game. While 10 tricks may not be attainable.

against the opening bid, a nine trick contract should be a virtual cinch.

Q. 5—As South you hold:  
 ♠ A 10 6 4 ♥ 6 ♦ Q 7 4 3 ♣ 10 6 4 2  
 The bidding has proceeded:

North East South West  
 1 heart Pass 1 spade Pass  
 2 hearts Pass ?

What do you bid now?

A.—A jump rebid in the same suit by the opener is not forcing on the responder who may exercise the option to pass, an option which should be exercised in this case, since the response of one spade was shaded. In other words, South has just about the minimum necessary to make such a response and if on that basis opener could not make an absolute force, chances for game cannot be good, especially in view of the misfit.

Q. 6—As South you hold:  
 ♠ 2 ♥ Q 9 7 5 ♦ K 9 2 ♣ A J 8 3  
 The bidding has proceeded:

North East South West  
 1 heart 2 spades 1 heart Pass  
 2 spades ?

What do you bid now?

A.—Double. The jump raise to four hearts was a slight stretch of your values, though it was acceptable in order that your partner might not get the impression that you were making perhaps a mere competitive raise under pressure. But if you should pass at this point it might serve as an inducement to partner to go on to five hearts. As far as he can tell your raise may have been largely distributional. Actually, it contains good defensive values and you should so indicate by doubling the spade bid. Only if partner overrides this decision should a five heart bid prove to be a good risk.

Q. 7—As South, vulnerable, you hold:  
 ♠ 5 2 ♥ A K 10 7 6 4 ♦ A ♣ A 9 3  
 The bidding has proceeded:

West North East South  
 Redouble Pass 1 diamond Double ?

What do you bid now?

A.—Over the opening bid of one diamond, you had a choice of doubling or making an overall. The former bid was selected because of your distribution and great values, but you should seize this opportunity to show the nature of your heart suit, also to make it emphatic that you have a very fine double. This you may do by bidding two hearts. This is not forcing but pleads with partner to act if he has any values at all. If you bid only one heart partner may get the notion that you are merely getting out of the one diamond redouble.

Q. 8—As South you hold:  
 ♠ K J 8 4 ♥ K Q 10 4 2 ♦ 6 ♣ A 8 2  
 The bidding has proceeded:

South West North East  
 1 heart 1 no trump 2 diamonds 2 spades ?

What do you bid now?

A.—Pass. A double is not even remotely to be contemplated. Partner has not announced a good hand. With any reasonable defensive strength, he would have doubled one no trump. Pass and be satisfied with a small profit, if any.

Do you plan to take a job after years of staying at home?

## Secrets Of Charm by John Robert Powers

## Back In Business

It used to be that most women who held jobs were of the age between school and marriage. Now there's a vast number who go to work for the second time, after their children are older or grown. Perhaps you want to be one of them. How do you take stock of yourself as a prospective employee?

First of all, remember that employers value the mature worker for her maturity—don't underestimate yourself because you feel you've been away from the business world so long you've lost touch. What you've learned away from it can stand you in very good stead. While your work skills may have grown rusty, your skill at living can have developed to make you a worthwhile person—and the kind of person you are matters very much indeed.

It's enormously important to an employer that you know how to get along with others. Perennial executives state that more people are fired because they fail to get along with others than for any

## Appeal Filed For Freedom Of Press

A decision of the Pennsylvania Supreme Court, empowering a county judge to ban taking of news pictures in a public court house, will be appealed to the United States Supreme Court, the Pennsylvania Newspaper Publishers Association announces.

The action, General Manager G. Richard Dew of the publishers organization said, was taken "to preserve freedom of the press in America."

The action of the state's highest court, which upheld the decision of a county judge in Greensburg, Pa., is regarded by the press as "a flagrant violation of press freedom and the people's right to know what's going on," Rolland L. Adams, PNPA president, said.

The ruling by the county judge banned the taking of photographs any place in the county courthouse. It was issued during a murder trial and when newspaper photographers ignored it they were held to be in contempt of court.

Dew points out that newspapers feel that "Judge Bauer abused the court's power in extending his rule to the corridors and other parts of the public courthouse, which are outside and completely disconnected from his courtroom."

Obviously, now that the state's higher court has ruled as it has, this is a case for the U. S. Supreme Court to decide. Freedom of the press is guaranteed by the U. S. Constitution. The Pennsylvania Newspaper Publishers Association would have been derelict in its duty to its members and to everyone who reads newspapers if it had not decided to appeal the latest ruling.

## These Days

By George E. Sokolsky

### Poland's Miseries

These days, we can adopt one of two courses: we can run away from the unpleasant and write on the measurements of ladies who exhibit themselves or we have to deal with the pyramidal miseries of nations which have had no real peace since the beginning of World War I. There are, of course, those who care for neither fare and who can find amusement watching television by the hour in the semi-gloom which is the best way to see that instrument and exercising their minds by trying to beat the rap, which is what so many television plays are about. Or else, there are the quiz programs which are enriching the accounts of the Internal Revenue Service and incidentally of a few contestants who prove that memory is still a valuable commodity despite the learned educators who no longer believe in memory.

However, it is impossible to escape Poland. World War II, which cost us so much blood and wealth and from which we have not yet recovered, was due to the assumption that war could establish that Poland was protected by treaties which were inviolable. This proved not to be true. Both Nazi Germany and Soviet Russia, in partnership, invaded Poland and that started World War II. The treaties were violated and in due course, one of the violators, Soviet Russia, became our ally. Since then, Poland has become a fief of Soviet Russia and has been treated with unbelievable brutality.

The head of Poland today is Wladyslaw Gomulka, who recently had this to say:

"In the course of past years a great deal of evil has accumulated in Poland's life, much wickedness and painful disappointments. The ideals of socialism, imbued with the spirit of the freedom of man and respect for civic rights, have in practice been greatly distorted. Reality did not bear out words. The heavy toll of the working class and of the entire nation did not yield us the expected fruits . . ."

Gomulka's disappointment is sad, indeed. But he does not attribute it to the correct cause which is the conquest of his country by the Kremlin, the colonialism of Soviet Russia, the reduction of the Poles to slavery. This he dare not say lest the Russians do to him what they did to the Hungarian Nagy, who is said to be in hiding in the Yugoslav Embassy in Budapest.

But from his speech it is clear that Poland is in a bad way. For instance, Gomulka said:

" . . . We approach our class, the working class, the intelligentsia, the peasants with full confidence. We tell them that we have mighty production forces, built by the great effort of working people in the course of the past years. But these are not yet being fully exploited. We have considerable resources in our national economy, in thousands of factories and mines, in industry and agriculture, which to a great degree are still being squandered through bad and wasteful economy . . ."

There it is: "bad and wasteful" economy under socialism and that is not what was expected because it has been assumed by the followers of Marx that a worker's paradise would be produced by the economic program of the Communists. But that program has become sources of supply, areas for exploitation, scenes of oppression and torture of the intellectuals and religious. Men do not work well when they are oppressed; the mind does not produce when it exists in the shadow of fear.

In spite of the Kremlin's pursuit of colonialism, Gomulka said in this speech:

" . . . We firmly believe that the friendship between Poland and the Soviet Union, based on such Leninist principles, will be a truly fraternal friendship, springing from the heart of the nation and not only from the official policy of the Party and Government. I can assure you that these principles are meeting with ever-increasing understanding and that these principles are shared both by our Party and the Communist Party of the Soviet Union."

Masochism is ugly wherever it appears. National masochism is particularly monstrous and this is an apt description for the tongue that licks the boot of its oppressor. There are those who somehow see some improvement in the condition of the satellite countries. There can be no improvement as long as quislings are available to perform the Kremlin's services.

## U.S. Switch Opens New Possibilities For Nasser

By Joseph and Stewart Alsop

WASHINGTON — The recent change in official Washington's judgment of Egypt's President Gamal Abdel Nasser amounts to the most fabulous historical irony of the post-war period.

Today, the American government is bending every effort to restore Nasser to a position of commanding leadership in the Arab world. But only four short months ago, the Secretary of State of the United States was publicly insulting this same Nasser, on the ground that he was an irredeemable Soviet stooge.

The choppings and changings of American policy in the Middle East, the wild tergiversations and sudden expedients, have been many and curious indeed. The story of the Aswan Dam contains more of these quick, inexplicable turns of policy than any other. There is no need to relate the whole strange story, however in order to make the central point. This point is simple. After pressing, after all but begging President Nasser to let America build the Aswan Dam for Egypt, Secretary of State John Foster Dulles withdrew the offer as abruptly as possible and in the most publicly humiliating manner that could be devised.

Publicly, Secretary Dulles merely told Nasser that he was a "bankrupt." But as every reporter will remember who rushed into the astonishing episode, the State Department's official given off-the-record reason for this sudden change of mind was quite different. It was the assertion that Nasser and Egypt had now "passed the point of no return" in their relations with the Soviet Union; and that both man and nation must therefore be considered as complete captives of the Kremlin's policy.

## Sprained Ankle Is One Of Most Common Injuries

By Dr. Theodore R. Van Dellen

Sprained ankle is one of the most common athletic injuries. Strapping the ankle guards against this type of accident, but despite this precaution, every week football players are carried off the field on this account.

Sprain occurs when the ankle turns in, tearing or rupturing the ligament on the outer aspect of the foot. The damaged part swells when bleeding takes place beneath the skin. The physician usually does not see a sprained ankle for several hours after the mishap. By this time the foot is so swollen he cannot feel the tendon or bones and needs an X-ray to determine whether there is a fracture.

Depending upon the amount of

damage to the ligaments, sprains are classified three ways: mild, moderate, and severe. The ligament is torn in mild sprain and completely severed in severe sprain.

Moderate sprain falls between and is most tricky to handle. The tendon, for example, may be torn to shreds and the slightest movement may sever it completely. This means weeks of incapacity and perhaps operation in which the broken ends of the tendon are sewed together. The foot is strapped in mild sprain and the individual is advised to limit activity for a few days.

## Try And Stop Me!

By Bennett Cerf

Time to tell your young fry the facts of life? You might borrow a leaf from Donald Ogden Stewart, who wrote his pride and joy as follows: "Dear Boy: Now that you have reached the magic age of 14, the time has come to tell you about the bees and flowers. There is a male bee and a female bee, although I haven't the slightest idea which is which. As for the flowers—we get ours from the Plaza Florists, Inc. Well, that takes care of that. Write soon. Affectionately, Dad."

At the Miss America contest, the fair representatives of the states of New Hampshire and Alabama met in the dressing room. "We might as well face it," sighed the miss from New England. "Men are all alike." The Alabama beauty smiled her

agreement, and murmured, "Men are all Ah like too."

A famous after-dinner speaker was invited to preside over a convention banquet of psychiatrists. "I suppose," he conjectured, "they expect me to lie down and say a few words."

## Justice Department Now Debates Plan To Investigate Rep. Powell

By Drew Pearson

WASHINGTON — The Justice Department, which was investigating Negro Congressman Adam Clayton Powell's income-tax returns until he suddenly came out for the Eisenhower-Nixon ticket, is now debating whether to go ahead with the investigation.

The U. S. Attorney's office in New York City, which has already convicted two of Powell's secretaries and indicted a third, wants to press the case against the Congressman. However, there are indications that the Justice Department planned to drop the case in return for Powell's campaigning for the Republicans.

It is known that Powell has talked frequently to Vice President Nixon about his tax troubles. A Justice Department spokesman, however, denied to this column that any promise was given to fix the case.

T-men have been investigating Powell's curious financial arrangements with his employees, who work for him both as congressional employees and as assistants in his Abyssinian Baptist Church in Harlem.

T-men also are checking Powell's stock market speculating. He has made a handsome profit recently on lithium, a lightweight ore used for defense purposes. A cable from his Washington broker, for example, was delivered to him in Yugoslavia via the American Embassy during his recent European junket.

The cable reported: "Your profit lithium 5,800 to date."

In official circles about the reasons for abandoning the former State Department finding that Nasser had "passed the point of no return" in his dealings with the Kremlin. A rosy picture is now painted of Nasser working with the United States in the most friendly manner possible to contain Soviet influence in the Middle East — indeed Nasser has promised his cooperation. But there is an unspoken proviso, that this country will do nothing to prevent Nasser from wreaking his revenge on the other Western allies.

This last, of course, is just what the Egyptian leader's friends in the Kremlin want him to do, and count on him to do, in order to break the Western alliance for good and all. There is more to the story, too, than this happy coincidence of Egyptian desires and Soviet desires, which we can hardly share.

There is the further fact that the Egyptian cease-fire was ordered after the Bulgarian ultimatum to France and Britain. There is the still further fact that Nasser and all other Arab leaders are convinced that the Bulgarian ultimatum rather than American diplomacy was the decisive factor in securing the cease-fire without further delay. There is the final fact that this country did nothing positive to call the gigantic bluff of the Soviet threat to send Russian volunteers to Egypt.

Add these weighty facts to the former official judgment of Nasser. The addition makes it interesting to speculate on the uses which the brilliant Egyptian leader will find, for the influence and power we are laboring so manfully to restore and enlarge for him.

Red China is shipping 6,000 tons of beans to Egypt. Must have heard that the land of the Pharaohs is pretty much in the soup.

A local disorder of the bladder may be responsible. Another possibility is a disturbance of the nervous system, such as a stroke, which has affected voluntary control of the organ. Diabetes does not play a role.

### ABDOMINAL SENSATION

Mrs. V. writes: Why do I have a jumping sensation in my abdomen since the birth of my son six months ago?

### REPLY

Ask your family physician to examine the area involved to determine whether the sensation is genuine. Another son may be on the way.

### NERVE CUTTING PROCEDURE

F. J. writes: I have high blood pressure which the doctor says is due to emotions. He wants to cut nerves in my spine to lower my pressure. Did you ever hear of such a thing?

### REPLY

This operation (sympathectomy) leads to mechanical relaxation of the blood vessels, due to blocking off of the nerve impulses that cause arterial spasm. It does not make the hypertensive less nervous or high-strung nor does it influence the emotions. Some of the stronger hypotensive agents are capable of producing a chemical sympathectomy and in this respect there is less need for the operation since these compounds became available.

To the limit of space, questions per to the prevention of disease will be answered. Personal replies will be made when return stamped envelope is enclosed. Telephone inquiries not accepted. Dr. Van Dellen will not make diagnosis or prescribe for individual diseases.

Strongly recommend additional 32,000 at 15 cents. Believe would double or better."

It was signed by Shannon Allen, a partner in Landrum, Allen & Co., brokerage firm.

It will be interesting to see what the Justice Department does about the influential Negro Congressman from Harlem.

NOTE — Congressman Powell called at the White House last week to request jobs for his friends. The Democrats on Capitol Hill have just fired his friends from jobs because Powell is no longer considered a Democrat, so he asked the White House to help him out with some other jobs. As a result the Republicans will now give the Harlem Congressman other jobs to replace those which the Democrats took away.

### Ike's Pastor

President Eisenhower's pastor, the Rev. Edward L. R. Elson, has written an interesting letter comparing Jewish Zionist organizations with the German-American Bund that supported Hitler before World War II.

Curiously the purpose of Rev. Elson's letter was to declare he was neither anti-Jewish nor anti-Israel.

Some Jews had been disturbed by the fact that the President's spiritual adviser was national chairman of the American Friends of the Middle East. This happens to be an anti-Zionist, pro-Arab organization.

Finally a Chicago housewife, Mrs. Alfred Loewenthal, wrote directly to Rev. Elson to inquire about his influence upon the President. The famous Presbyterian minister replied: "My relations with the President are of a pastoral and spiritual nature, and I am not a political consultant."

In this connection, White House aides say that Rev. Elson telephones the White House so frequently that he's a "nuisance."

Rev. Elson also wrote: "Many of my choicest friends are observant Jews for whom I have utmost appreciation."

"Nor am I anti-Israel," he added. "Although its creation was a diplomatic debacle, Israel is here and must be regarded as a valid entity among the nations. I am not now nor have I ever been anti-Israel, but I am deeply and earnestly pro-American in the highest and most refined sense of that word. Political Zion-

## On The Side

By E. V. Durling

The good ship United States arrived right on time as usual.

It never has been late in its career as a transatlantic liner. When I arose and looked out of the porthole the first thing I saw was a Staten Island ferry boat. A very welcome sight. I was back in the U.S.A. and glad of it. According to the log book of the S. S. United States, the trip from Le Havre had taken four days, nine hours and 24 minutes. The distance from Le Havre to New York is 3,155 nautical miles. A nautical mile is approximately 15 per cent longer than a statute or land mile. According to the official log book report the sea was calm the first day, rough the second, moderately rough the third and calm from then on to the end. On the last night the ship was really ahead of time and had to slow down to dock as per schedule. A remarkable vessel.

### APARTMENTS

Among the many new apartments being erected or scheduled for early erection in Manhattan is one which will be exclusively for single people. Imagine an apartment house all occupied by bachelors and bachelorettes! This one will have a capacity of 300. The bachelorettes will really battle for an apartment in that place. The apartments should be equally divided between bachelors and single girls. If that isn't done it will probably be occupied by 200 bachelorettes and 10 bachelors.

### PLEASE NOTE

Have heard much surprise expressed that the Japanese baseball teams were able to win several games from the Brooklyn Dodgers. That's not so surprising. The Japanese have been playing baseball for 80 years. They started playing after the diamond game not very long after it became popular in this country. To be exact, in 1876. However, I cannot recall any native of Japan being a member of a major league ball team in the United States.

## Factographs

By Arthur Press

Bacon is said to be the American butcher's best-selling commodity.

The letter "S" is the most frequently used initial letter in the English language.

An average of 66,000 babies are born in the United States each week.

Except for the dog, the goat is the most widely distributed of any domestic animal.

ism, it seems to me, does violence to that concept. The so-called German-American Bund was out of place in American life. In our American political life, similarly, Zionist American organizations are out of place. Judaism is a great faith and the Jews a great people, and these concepts should be clearly separated from political Zionism."

### Hungarian Freedom Fighters

Despite the fine gesture of the State Department and the White House to admit Hungarian refugees, what most people don't know is that the United States has been extremely slow in processing them for arrival in this country.

As of Wednesday, November 21, only 60 refugees had arrived in the United States, and although approximately 360 were due during the remainder of the week, this is a mere dribble compared with the numbers Europe is absorbing.

Little Switzerland has already absorbed 2,367 refugees, Belgium 1,875, the tiny Netherlands 1,359 Germany 716.

The American people have rallied with all sorts of offers of assistance. A total of 1,055 letters has reached the State Department, offering jobs, housing, educational assistance, and business loans to the freedom fighters of Hungary. There have also been 487 telegrams to the State Department, plus 235 phone calls as of the middle of this week.

This is enough to care for some 3,500 refugees, and does not include offers made by American citizens direct to church and voluntary agencies.

In contrast to this sympathetic response from the American people, the American government as of this writing had agreed to accept only 5,000 refugees, Belgium, on the other hand, is taking 4,000; the United Kingdom 2,500; The Netherlands 2,000; Germany 3,000; Switzerland 4,000; Colombia 1,000.

Congressman Francis Walter of Pennsylvania, who has not been too enthusiastic about immigration in the past, wants the U. S. quota for Hungarian freedom fighters raised to 17,500. Even more amazing is Senator Eastland of Mississippi, who has privately expressed the opinion that we should give refuge to 25,000.

As a result of Eastland's and Walter's nudging the original White House figure will go up to 10,000.

### ASIDES

Fried imported grasshoppers. That is what I noted offered for sale by the can by a shop on Lexington Avenue. Wonder who eats fried grasshoppers . . . In another window display I saw offered a package of 100 safety razor blades for 59 cents. I may try one of these blades as part of my shaving research. But not now. I need a rest. Besides I am just recovering from that siege of smoking French cigars.

### HORSES AND WOMEN

The number of synthetic redheads is greatly increasing in Manhattan. Many are quitting from inexpert dyeing jobs. Quite a few feature shades of red that can only be described as weird. Even a young fellow of little experience can immediately distinguish between natural red-hair and synthetic. That's a very good thing for the young fellows. Why? Well, sir, the characters of natural redheads and synthetic redheads are vastly different. It is hardly necessary to say that if a young man hopes for a happy marriage he should have a good idea of the character of his bride. I will deal with this important matter in a later issue.

### SLOGANS

The Hofbrau Restaurant is still featuring the slogan: "Janssen wants to see you." Very few restaurants have slogans that have been outstanding. Only one other I can recall is that of Henrici's of Chicago, namely, "no orchestral din." That was to attract people who didn't want music with their meals.

### BRIEFLY

Who said, "Too much make-up and not quite enough clothes is a sign of despair in a woman"? Anyway, how right he was . . . Am asked what is the world's record for smallest baby at birth. Couldn't say. However, it is a matter of record that a New York City woman had a child, a girl, who weighed only 11 ounces at birth. This child survived and is now in the best of health.

# Frostburg, Potomac Quints Open Season This Week

## Bobcats Host Pennsy Team Friday Night

Westinghouse Five In Keyser Saturday; Hornets Face Grads

College quints will launch the basketball season in this area this weekend when Frostburg State Teachers and Potomac State play host to Westinghouse Apprentice School of East Pittsburgh, Pa., in games set for Friday and Saturday.

Coach Walden Skinner will send his veteran Bobcat aggregation into action against Westinghouse Friday night in the Mountain City.

### Bobcats Have Experience

Frostburg's squad will include five first stringers of the 1955-56 quint that won nine and lost nine games under Skinner who made his bow as coach of the Bobcats last season. The five regulars are Dave Marple, Jim Cave, Bob Kirk, "Buck" Smith and Joe Carter. Others expected to see action are Bill McCall, Hugh Nolan, Doug Sullivan, Dorcil Kline, Dan Williams, Enordo "Moose" Arnone, John Keister, Ronnie Carter, Donnie Madden and Bruce May. Others out for the squad include Mike McLuckie, Bob Stevenson, Jim Thompson, Tim Long, Bill Roberts and Charles Lumans.

Friday night's game will be the first of twenty on the Bobcats' schedule. Westinghouse will play host to Frostburg in a return game January 26.

Coach Dana Lough's Potomac State Catamounts will oppose the Westinghouse quint Saturday night at Keyser. This will be the first of 20 games on Potomac State's regular schedule. These teams will meet only once during the season.

Last season's game between Potomac and Westinghouse was cancelled on account of a strike that caused a shutdown of all of the company's plants.

### Hornets Open Friday

Hyndman-Londonderry High School will be the first scholastic quint in the area to open its campaign this weekend. The Hornets, making their debut under a new coach, Harry McKinley, will oppose the Alumni on Friday night.

Twenty-six games appear on the Hyndman schedule, including six in the newly formed Bedford County League in which Bedford, Everett and Chestnut Ridge also are represented.

## "Lefty" Grove In Hospital For Checkup

Robert Moses "Lefty" Grove, 56, of Lonaconing, one of baseball's all-time great pitchers, entered Memorial Hospital yesterday for a checkup.

The tall left-hander, who scored 300 victories and lost 141 games during his 17 years in the "big show" with Connie Mack's Philadelphia Athletics and the Boston Red Sox before he retired in 1941, was advised to enter the hospital by his physician after he had complained of losing weight and feeling ill. Grove is reported to have lost approximately 25 pounds recently.

Grove, the last major leaguer to post more than 30 wins in a season, was voted into Baseball's Hall of Fame in 1947, and recently he was named to Maryland's Hall of Fame. His big year in the majors was 1937 when he won 31 games and lost 4 for the A's.

## Iowa To Play Oregon State In Rose Bowl

Hawkeyes Given OK By Big Ten

CHICAGO, Nov. 25.—(INS)—Iowa has been confirmed by a vote of the Big Ten athletic directors to represent the Western Conference in the annual Rose Bowl football game at Pasadena on New Year's Day.

The announcement came last night from the assistant Big Ten commissioner Bill Reed. He would not reveal the vote but it is presumed that since the Hawkeyes won the conference title, no one cast a vote for any other team.

The selection of Oregon State to represent the Pacific Coast Conference is expected Monday afternoon in Los Angeles. Iowa defeated the Beavers early in the season, 14 to 13, at Iowa City, Ia. Oregon State had not been beaten since that game.

Iowa, ranked fourth nationally in the nation, finished its finest season in 34 years Saturday by dumping Notre Dame, 48 to 8. Iowa officials announced acceptance of the Big Ten's decision.

This will mark the 11th renewal of the current Rose Bowl series and the Big Ten holds a decided edge, having lost only once. USC beat Wisconsin, 7 to 0, in 1953.

This will be Iowa's first venture into the Rose Bowl.

## Baltimore Colts Rout Los Angeles

BALTIMORE, Nov. 25.—A kickoff return of 103 yards by Los Angeles halfback Tom Wilson was the key in the shuffle today amidst a scoring frolic by the Baltimore Colts, who hit their highest total in the National Football League in routing the Rams 56-21.

Wilson, who was picked up by the Rams after military service and no college football experience, took the breath out of 40,321 fans enduring 37-degree temperatures and rain with his first quarter jaunt.

Before they got it back, the Colts rushed away from their 14-7 lead to a whopping 42-7 advantage by halftime.

Leading the Colts to 15 points more than they ever scored in five NFL seasons were quarterback John Unitas, a halfback Billy Vessels and fullback Alan Ameche. Unitas, completing 18 out of 24 passes for 293 yards, threw three touchdown aeriels and scored one for himself on a sneak. Vessels, the star rookie from Oklahoma, made the most of his first opportunity to play on offense by going over the goal three times while gaining 70 yards on nine carries.

Ameche, the workhorse, took off 20 times for 162 yards and scored once.

Los Angeles scored—Touchdowns: Wilson (103, kickoff return), Boyd 2 (58, pass-run from Van Brocklin); Conversions: Richter 3.

Baltimore scoring—Touchdowns: Vessels 3 (4, run; 4, run; 20, pass from Kerkorian), Unitas (1 fowl, plunge), Wamble (43, pass-run from Unitas), Ameche (1 plunge), Mutscheller (12, pass-run from Unitas; 43, pass-run from Unitas), Conversions: Feamster 8.

## Charles Town Fails To Get Winter Dates

Boyle Will Apply For Spring Meet

CHARLES TOWN, W. Va., Nov. 25.—There will be no December race meeting at Charles Town Race Track, but Manager A. J. Boyle says he will apply for spring dates.

Boyle, manager of the newly formed Charles Town Turf Club, successor to the Charles Town Jockey Club which he also headed, said he will go before the State Racing Commission Monday in Charleston to ask for the spring meeting license.

The track and the commission have been in conflict over commission rules governing distribution of purse money and requiring the use of motion picture equipment to patrol the running of races.

### No Winter Meeting

Boyle said yesterday even suspension or erasure of these rules would not enable the track to operate this winter as had been hoped. "The rules would still be effective for 30 days under West Virginia law," Boyle said. "Therefore, we must of a necessity wait for 30 days after the rules are rescinded."

Original dates of Dec. 1 to 22 were rescinded by the commission Oct. 25 when Boyle rejected horsemen's claims for the purse required share of summer purses won by their horses at Charles Town and Waterford Park tracks. Since then, the horsemen have gone into Federal Court seeking some \$166,000 they contend Boyle owes them.

The track was closed up, apparently for the winter after the commission cancelled the dates last October. Oats were sown in the racing strip.

Then, the Charles Town Turf Club was formed and Boyle was reported ready to ask the commission for new winter dates. The oats were harrowed in, the track readied and the grandstand painted.

### 600 Horses There

Some 600 horses have been stabled at the track recently and horsemen there seemed to think the horses would be running some time next month. But Boyle's statement yesterday apparently ended that hope.

## Chicago Cards Whip Steelers

Ollie Matson Star In 38-27 Triumph

CHICAGO, Nov. 25.—Ollie Matson scored twice, including a 79-yard touchdown run, and gained 159 yards in 16 carries to fire up the Chicago Cardinals today for a 38-27 victory over the Pittsburgh Steelers on snow-encrusted Comiskey Park field.

The Cardinals broke a two-game losing spell and remained only 1½ game behind the New York Giants, Eastern Conference leaders of the National Football League, who played a 17-17 tie with the Chicago Bears.

The Cardinals, trimmed 14-7 at Pittsburgh a week ago, pleased 17,724 fans by scoring in every quarter. The Steelers piled up 20 points in the final period.

Lamar McHan, whose suspension for insubordination was lifted just prior to the kickoff, made several appearances, punting twice and scoring once.

McHan sneaked across on the first play and Pat Summerall booted his fifth extra point. Summerall also added a 27-yard field goal in the second quarter when the Cards exploded for 17 points and a 24-7 halftime bulge.

Jim Root was McHan's able successor in the quarterback slot. He hit fullback Joe Childress on a 34-yard touchdown aerial and scored once himself on a 3-yard rollout.

Pittsburgh..... 7 0 0 20—27  
Chicago..... 7 17 7 7—38  
Steelers scoring—Touchdowns: Matthews (29, pass from Marchibroda); Ford 2 (3, plunge; 4, run); Nickel (4, pass from Marchibroda); Conversions: Watson 3.  
Cardinals scoring—Touchdowns: Root (3, roll out); Matson 2 (1, plunge; 79, run); Childress (34, pass-run from Root); McHan (1, sneak); Field goal: Summerall (27). Conversions: Summerall 5.

## Dayton Wins, 27-13

DAYTON, Ohio, Nov. 25.—End Fred Dugan caught two touchdown passes as the Dayton Flyers went to the air today to score their first home win of the season, 27-13, over Detroit.

## Cy Young Sets Javelin Mark In Olympics

Kelly In Finals Of Single Sculls

MELBOURNE, Nov. 26.—(Monday) Cy Young of Modesto, Calif., regained the Olympic javelin throw record, after losing it briefly to a Norwegian and Jack Kelly of Philadelphia qualified for the Olympic single sculls final for the first time as the fourth day of Olympic competition began.

Young uncorked a throw of 245 feet 3¼ inches in his second qualifying attempt in the javelin, surpassing the Olympic record of 242-0½ he had set in winning the event at Helsinki in 1952.

Earlier Norway's Egil Danielsen, one of the top favorites to take the gold medal in the final this afternoon, had broken Young's record with a heave of 243-2½. Vladimir Kouznetsov also surpassed the old mark with a toss of 242-5.

Kelly, a former diamond sculls winner who had failed to reach the finals in the 1948 and 1952 Olympics, easily succeeded today, winning his semi-final heat in nine minutes 12.5 seconds for the 2,000-meter course (about a mile and one quarter).

Kelly finished four lengths ahead of Australia's Stuart MacKenzie, who also qualified.

Two morning basketball games saw Japan beat Thailand 70-50 and Bulgaria ship Nationalist China 88-71. The favored U.S. team, which already has clinched a place in the second round, completed its first round competition against the Philippines tonight.

**JOSEPH R. MANTHEY**  
Joseph R. Manthey, 44, formerly of here, died yesterday morning in a Dallas, Texas, hospital. He had been in failing health the past year and a half.

A native of the city, he was a son of Mrs. Helen Manthey and the late Paul Manthey. Mr. Manthey owned and operated the Pic and Pay Market in South Cumberland before moving to Dallas eight years ago. He resided at 3414 Grafton Avenue, Dallas.

Surviving, besides his mother, is his widow, Hazel (Redinger) Manthey; five children, Joseph R. Jr., Charles, Delores, Joann and Mary Elizabeth, all of Dallas; four brothers, Lawrence and Richard, both of this city; John, Baltimore, and Paul A., LaPlata; two sisters, Mrs. Leo C. Fahey and Mrs. Thomas Yeargan, both of Hagerstown, and a grandchild. Services and burial will take place in Dallas.

**ANTONIC PERSUTTI**  
THOMAS, W. Va. — Antonio Persutti, 66, of here, died Saturday in an Elkins Hospital.

He was born in Italy January 24, 1890, the son of the late Mr. and Mrs. Genaro Persutti. He came to this country at the age of nine years.

Mr. Persutti was a member of United Mine Workers of America Local 4112 at Thomas, the Society of Mutual Health, Sons of Italy and the Holy Name Society at St. Thomas Catholic Church. He is survived by his wife, Mrs. Anna (Gacci) Persutti; seven sons, Genaro Persutti, Thomas, Nick Persutti, Marine City, Mich.; Roger Persutti, Sheboygan, Wisc.; Frank Persutti and Robert Persutti, Detroit; John Persutti, Baltimore, and Joseph Persutti, Cleveland; two daughters, Mrs. Diana DiBacco, Thomas, and Mrs. Patricia Hoffner, Montgomery, Ala., and 27 grandchildren.

The body is at the Duncan Funeral Home here. The Rosary will be recited today at 7:30 p. m. A requiem mass will be celebrated Tuesday at 10 a. m. in St. Thomas Church with Rev. Francis A. Spillar pastor, as celebrant. Interment will be in the parish cemetery.

**JAMES R. WESTFALL**  
KEYSER — James Riley Westfall, 47, a native of Keyser, died Saturday at his home in Baltimore following an illness of several years.

He was a son of Mrs. Tina E. (Hill) Westfall, Keyser, and the late George H. Westfall. An employee of the Belt Seed Company in Baltimore, the deceased had lived there since 1944.

Surviving, besides his mother, are his widow, Mrs. Frances (Kennedy) Westfall; a son, James C. Westfall, at home, and four brothers, Arthur Westfall, Cumberland, Roy H. and Arlie T. Westfall, both of Keyser, and Carl Westfall, RD 3.

Services were conducted yesterday at the Rogers Funeral Home. Rev. Dr. John D. MacLeod Jr., pastor of Keyser Presbyterian Church officiated and interment was in Queen's Point Cemetery. (Other Obituaries on Page 2)
